Safeguarding Policy

1. OUR COMMITMENT

All our colleagues who work with learners have a crucial role to play in shaping their lives. You have a unique opportunity to interact in ways that are both affirming and inspiring. This policy has been produced (and is supported by Information, Advice and Guidance), to help you to establish safe and responsive environments which safeguard all and reduce the risk of you being unjustly accused of improper or unprofessional conduct. We all have a duty of care to safeguard and promote welfare, and to enhance awareness of the broader welfare spectrum, specifically the issues facing young people in society.

2. OBJECTIVES

The aim of the policy is to ensure you are aware of and understand your responsibilities, that of others, signs there might be a safeguarding concern, along with the reporting procedures for all safeguarding issues.

3. SCOPE

This policy covers safeguarding of Children and Adults at Risk, learners during all learning activities including assessment EPA and those persons in settings in where we practise which fall into the category of child or adult at risk. It is inclusive of specific highlighted safeguarding agenda areas as defined by law, as specified in Keeping Children Safe in Education (2025) and in the wider context all our students and learners. This policy is also influenced by and aligns with requirements set out in 'The Skills and Post -16 Education Act 2022, 'Working Together to Safeguard Children (2026), The government Counter-terrorism and Security Act 2015, that places a duty upon all education providers to have regard to the need to prevent people from being drawn into terrorism. This Prevent Duty forms part of the wider governments CONTEST counter terrorism strategy:

- Prevent terrorism – stop people becoming terrorists
- Pursue terrorism – disrupt and stop terror attacks
- Protect against terrorism – strengthen UK protection
- Prepare to deal with terrorism – mitigate impact of attacks that can't be stopped.

The aim of the Prevent strategy is to reduce the threat to the UK from terrorism by stopping people becoming terrorists or supporting terrorism. The Prevent strategy has three specific strategic objectives:

1. Respond to the ideological challenge of terrorism and the threat we face from those who promote it
2. Prevent people from being drawn into terrorism and ensure that they are given appropriate advice and support.
3. Work with sectors and institutions where there are risks of radicalisation that we need to address.

JCL have a separate Prevent Policy for more detail in relation to how it meets the Prevent Duty

5. DEFINITIONS

Safeguarding is the protection of children and of adults at risk from abuse and neglect, promoting health and development, ensuring safety and care, and ensuring optimum life chances. The Safeguarding Agenda includes a wide range of potential risks (see appendix F for full definitions and indicators of a Safeguarding concern).

- Abuse (physical, emotional, financial, institutional, sexual, and organisational)
- Self-neglect
- Discrimination
- Child sexual exploitation
- Bullying and cyberbullying
- Cybercrime
- Domestic abuse
- Substance misuse
- Fabricated or induced illness
- Faith abuse
- Forced marriage.
- Gang and youth violence
- Private fostering
- Female genital mutilation (FGM)
- Gender based violence
- Radicalisation
- Sexting
- Peer on Peer abuse, including Sexual Harassment
- Relationship abuse, including teenage relationship abuse
- Trafficking and modern slavery
- Breast ironing

Safeguarding Policy

- Mental health concerns
- Sexual violence and sexual harassment, including child on child abuse
- Children missing in education.

Safeguarding is centred on protecting our core groups, those within our training provider. A child is legally defined as anyone under the age of 18, as cited in the Education Act (2002). We safeguard all our adult learners and provide advice guidance and support. An Adult at Risk is defined by the Care Act (2014) as any person aged 18 or over who:

- Has needs for care and support (whether or not the local authority is meeting those needs).
- Is experiencing, or is at risk of, abuse or neglect.
- As a result of those care and support needs, is unable to protect themselves from either the risk of, or the experience of, abuse or neglect.

Also included those:

- Living in sheltered housing
- Receiving any form of health care
- Is or has been supported by a social worker
- Receiving a welfare service in order to support their need to live independently
- Receiving a service due to their age or disability
- Living in residential accommodation such as a care home
- Receiving domiciliary care in their own home
- Expectant or nursing mother living in residential care
- Person under supervision of probation service

Our Safeguarding policy is written in conjunction and guidance from:

The Education and care Act 2002

- It requires anyone working with children to share their concerns when it relates to a child's safety and wellbeing

The Care Act 2014

- Provides the legal framework for safeguarding adults with care and support needs, focusing on protecting them from abuse or neglect

Safeguarding Vulnerable Groups Act 2006 (SVGA 2006)

- UK law, established following the [Richard Inquiry](#), that prevents unsuitable individuals from working with children and vulnerable adults.

Safeguarding Policy

Children Act 1989

- An Act to reform the law relating to children; to provide for local authority services for children in need and others; to amend the law with respect to children's homes, community homes, voluntary homes and voluntary organisations.

Working together to safeguard children 2026, The 2026 update establishes new standards for information sharing, multi-agency partnerships, and early family intervention, plus focus remains on:

- strengthening multi-agency working across the whole system of help, support and protection for children and their families
- keeping a child-centred approach while bringing a whole-family focus
- embedding strong, effective and consistent multi-agency child protection practice

Online Safety Act 2023

- An Act to make provision for and in connection with the regulation by OFCOM of certain internet services; for and in connection with communications offences; and for connected purposes.

Child Act 1989/2004 Children and Vulnerable Adults at Risk.

- prioritise the welfare of children in all decisions concerning their upbringing and care, ensuring their needs are met and they are protected from harm, with the child's best interests always being the paramount consideration.

Health & Social Care Act 2008

- An Act to establish and make provision in connection with a Care Quality Commission; to make provision about health care (including provision about the National Health Service) and about social care; to make provision about reviews and investigations under the Mental Health Act 1983

The definitions of a child and adult at risk give the rationale for legislative intervention, it is important to note that learners can be temporally vulnerable due to change in circumstances or due to poor mental health. A person may also be deemed at higher risk of a safeguarding issue affecting them due to other factors.

This is termed contextual safeguarding. Examples of areas to consider are:

- Poor numeracy and literacy skill, or specific learning need
- English not a first language
- Unsupportive employer
- Under-represented group
- Acting as a carer for another family member
- Background in offending or is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups
- Has a disability or social need
- Has special educational needs (whether they have a statutory Education, Health and Care Plan)

Safeguarding Policy

- Lives 'In Care' or has recently transitioned out of Care
- Is a young carer
- Is frequently missing/goes missing from care or from home
- Is within a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues, and domestic abuse or generally unsupportive.
- Several groups of learners have been identified as being more vulnerable, and each have proportionate measures in place to ensure the learners are supported. These include learners with an EHCP and care leavers

6. OUR RESPONSIBILITY

All staff have a responsibility to ensure that children, young people, and adults at risk, are protected from harm, informed (In line with the Children's Act 1989) about potential risks to their welfare, and understand how to seek help. ensure all concerns are dealt with timely and appropriately. We also have a responsibility to minimise the risk of allegations against staff.

All staff, in line with Safeguarding Vulnerable Groups Act 2006, are expected comply with all background disclosure check requests and to have a good understanding of what constitutes a safeguarding or welfare concern, have read KCSIE (2025) Part 1 along with other relevant policies, know how to provide support, guidance in such instances, and the channels for escalating a concern. To assist staff we have, on-going training & awareness, as well as continuous information, advice and guidance will enables staff to feel confident in proactively promoting safeguarding and understanding reporting measures and their individual responsibilities.

The responsibilities of individuals are detailed below:

- JCL directors - to be knowledgeable about safeguarding and to ensure we have effective policies to prepare reports on safeguarding for each board meeting, and to ensure policies are implemented and followed, and sufficient time and resources are allocated to employees to carry out their responsibilities.
- Designated Safeguarding Lead (DSL) to:
 - Maintain links with local multi-agency safeguarding partners (local authorities, chief officers of police, and clinical commissioning groups) and Prevent Coordinators.
 - Inform and advise all parties on legislation changes and current safeguarding themes, plan and implement training for all employees including CPD, quality assurance and standardisation for the designed safeguarding officer team.
 - Conduct investigations where appropriate into welfare concerns reported and consult with external bodies such as safeguarding board where appropriate. Support and coordinate escalation process. Overall management of safeguarding issues and report to board on any issues that arise.
 - Review procedures and policies on a timely basis. Maintain own CPD to ensure their role can be fulfilled competently. They will also provide advice and support to other

Safeguarding Policy

staff on child welfare, safeguarding and child protection matters, taking part in strategy discussions and inter-agency meetings, and/or supporting other staff to do so, and to contributing to the assessment of children. DSL will lead on policy and training, making referrals to external agencies such as Local Authority children's social care/Chanel/ Police and DBS.

- Have awareness of Vulnerable Adults & Children that are in need and how their education is impacted and progressing; this includes Adults/children allocated a social worker where this has been alerted to JCL, acknowledging the risk to these learners could be higher, and ensuring support is in place. They will also pass this information where relevant to a learner's new training provider if they leave a JCL's programme.
- Act as JCL's Mental health lead for both learners and employees when informed, oversee information security for safeguarding and work with the data protection team where required, including monitoring web filtering systems for both employee and learners. The DSL will also nominate and ensure Deputy Designated Safeguarding Officers are in place and trained to the same level. They will also report to the Board on safeguarding.
- Designated Safeguarding Officers – to deal with employee concerns over learners' welfare, signpost and offer guidance, carry out investigations where appropriate into welfare concerns reported and liaise with external bodies such as Regional Prevent Coordinators, local multi-agency safeguarding partnerships (which constitute local authorities, chief officers of police, clinical commissioning groups) where appropriate.
- Maintain own CPD to ensure their role can be fulfilled competently and seek guidance where appropriate.
- Monitor the supportme@ inbox twice daily
- Our Development Coaches/Tutors are to check safety and welfare with all learners at each visit/session/communication, ensuring learners complete all safety-related learning activities within their programme. You must be aware of indicators and that there may be a safeguarding issue – see Appendix E, and if required to follow the 5 R's procedure (Recognise, Respond, Record, Report, Refer), our flow chart for reporting issues that concern them or are reported to them (see AppendixD). To provide support and referral to external agencies as they see fit, if comfortable to do so, and then inform safeguarding team of their actions. To complete allocated training as directed by the safeguarding team in a timely manner.
- Support Teams, you must be mindful of indicators that there may be a safeguarding issue should you come into contact with a learner or potential learner – see Appendix E, and if required to follow the 5 R's procedure (Recognise, Respond, Record, Report, Refer) , our flow chart for reporting issues that concern them or are reported to them (see Appendix D). To complete allocated training as directed by the safeguarding team in a timely manner.

The topic of Safeguarding can be extremely sensitive due to the content and may be difficult for you to discuss. If you have any concerns over issues raised, please contact a Designated Officer as quickly as possible.

7. SAFER RECRUITMENT

Safeguarding Policy

JCL undertake a range of Safer recruitment practises throughout the recruitment process including sharing our commitment to Safeguarding in job adverts, a thorough interview process and collation of references. JCL ensures that all appropriate checks are conducted on new staff that will work or come into contact with children and adults at risk in line with the Disclosure and Barring Service and Teacher Regulation agency (TRA) requirements, and KCSIE.

JCL reserve the right to do online checks as part of Safer Recruitment (KCSIE 2025). All recruiting managers to complete the relevant safer recruitment for managers CPD which is part of their manager on boarding programme

DISCLOSURE AND BARRING SERVICE CHECKS

The Disclosure and Barring Service (DBS) (who manage the Protecting Vulnerable Children Scheme (PVG)) are an executive agency of the UK government whose primary purpose is to help employers make safer recruitment decisions and appointments.

By conducting checks and providing details of criminal records and other relevant information, DBS helps to identify applicants who may be unsuitable for certain work and positions, especially those involving contact with children (those less than 18 years old) or adults at risk.

Depending on the type and regularity of contact with children or adults at risk involved in a particular role, employers are entitled to make appropriate types of enquiries about the applicant's criminal record and seek a disclosure through a DBS check. JCL have enhanced DBS for all staff.

Regulated Activity – is a term that defines activities that an individual engages in, defined by the Disclosure and Barring service. The criteria for regulated activity differ for adults and children as:

Children

- Regular activity (once per week or 4 times over the course of 1 month)
- Unsupervised activity
- Teaching, training, assessing, mentoring based activities in relation to nonwork-related activities -working intensively and closely with a child
- Within specified settingsAdult
- Healthcare professionals – those whose role includes providing first aid
- Receiving or giving personal assistance to those due to age, illness or disability (going to the toilet/washing/nutritional advice)
- Providing social care - being subject to or assessing the need for health/social care
- Providing assistance in someone's personal affairs or allowing someone else to do so
- Provide assistance with cash, bills and shopping (allowing someone else to or shopping on someone's behalf)
- Person who transports or is transported because of their illness
- Caring responsibilities
- Teaching or supervising children and/or protected adults
- Providing personal services to children and/or protected adults

Safeguarding Policy

- Working directly with children and/or protected adults

Individuals must not engage in regulated activity with either children or adults at risk if they have been barred from doing so by the DBS scheme.

How we meet our responsibility towards this is explained below.

Where JCL is recruiting for a role that qualifies for a DBS check, the advert and further information during the interview process will confirm the type of check required. When the most suitable candidate for the position has been identified, the offer of appointment will be made subject to a satisfactory DBS check, right to work, references and qualification checks. In the instance that the outcome of a DBS check has not yet been received from the appropriate authority prior to learner visits being carried out, all visits with learners aged below 18 will be supervised by a person whose DBS outcome has been received and approved. The Director of Education will be responsible for arranging this supervision. Quality assurance of this process is in place.

DBS check is part of our recruitment process; we encourage all candidates to declare anything relevant to the type of check required for the role. Once an offer has been made, candidates should tell us of any further details of convictions, including those that normally would be considered as spent, cautions or reprimands.

As part of our safeguarding obligations, we will re-apply for the appropriate types of DBS/PVG checks on a 3-year basis during employment with JCL. We request that all staff are on the update service. This is recorded in the SCR.

Some contractual requirements dictate an annual declaration from employees in relation to conforming to any changes that may affect the outcome of their DBS check. Any changes will be risk assessed following the procedure set out in 7.5

7.2. CONFIDENTIALITY

Information provided in a disclosure report must be kept confidential and, on a need, -to-know basis. Such information will be handled in accordance with JCL's 'Statement on the Secure Storage, Handling, Use, Retention and Disposal of Disclosures and Disclosure Information', Appendix B. Any other information regarding offences must be kept securely and in accordance with JCL's Data Protection Policy.

We recognise that job applicants and our employees need to feel confident that information about their convictions will not be disclosed to colleagues unless there is a specific reason for doing so. Those involved in recruitment decisions should ensure that when appointing an individual with a conviction, they are advised as to whom within JCL knows of their conviction and the reasons why the information has been disclosed.

If you would like further information on our disclosure process, please see Appendix C.

7.3. FAILURE TO DISCLOSE INFORMATION RELEVANT TO THE TYPE OF DBS CHECK APPROPRIATE TO YOUR ROLE

Having a criminal record does not necessarily preclude an individual from working at JCL. The

Safeguarding Policy

decision as to a person with a criminal record should be appointed, or an offer of employment withdrawn, or employment terminated will be taken only after careful and thorough consideration of the outcome of any DBS check as well as the job and offence related factors as explained in 8.6. Nonetheless we request all employees to tell us about any information relevant to the type of DBS check appropriate for their role. This could mean, for example, that if your role requires satisfactory Enhanced DBS and barring check, you need to tell us about any convictions, cautions or reprimands or being barred from working with children as soon as any of these have been issued. Failure to disclose information relevant to the type of DBS check appropriate to your role would be seen by JCL as a breach of trust and confidence. Such acts are considered as gross misconduct, and you would be invited to a disciplinary hearing with a potential outcome of instant dismissal.

7.4. EXPLORING THE RELEVANCE OF INFORMATION PROVIDED IN THE DISCLOSURE REPORT

As we explained in the previous section having a criminal record does not necessarily preclude an individual from working at JCL. The decision as to whether a candidate with a criminal record should be appointed, or an offer of employment withdrawn, will be taken only after careful and thorough consideration of the outcome of any DBS check as well as the job and offence related factors as explained in section 8.6.

Similar to the recruitment process, a disclosure of a criminal record will not necessarily lead to termination of your employment with us and the decision will be taken only after careful and thorough consideration of the job and offence related factors. Any decision to terminate employment would follow our Disciplinary Policy (or Probationary Policy if you have not yet passed your probation).

A senior member of the People Team, alongside the Designated Safeguarding Lead will make an initial assessment of the content of the disclosure report. If the report provides no evidence of convictions or any other relevant information, no further action will be taken. If the report confirms a conviction or any other relevant information, a senior member of People Team, alongside the Designated Safeguarding Lead, will make an initial assessment of whether the information provided has any potential relevance to the post. If there is clearly no potential relevance, no further action will be taken.

If the report confirms a potentially relevant conviction or any other potentially relevant information further exploration will be required following the process outlined below.

7.5. EXPLORING A CONVICTION AND ITS RELEVANCE

All discussions relating to convictions must take place after the selection process has been completed and will involve the line manager and a senior member of the People Team and the Designated Safeguarding lead. As part of the decision-making process, they will normally meet with the individual to gain more information from the person about the nature and circumstances of any conviction.

The suitability for employment of a person with a criminal record will clearly vary, depending upon the nature of the job and the details and circumstances of any convictions. The decision

Safeguarding Policy

will be made on the basis of a risk assessment to enable the applicant's criminal record and circumstances to be assessed in relation to the tasks he or she will be required to perform and the circumstances in which the work is to be carried out. The following job-related factors should be taken into account:

- Does the post involve direct contact with learners or the public?
- What level of supervision will the post-holder receive?
- What level of trust is involved? Will the nature of the job present any opportunities for the post-holder to reoffend in the place of work?
- Does the post involve any direct responsibility for finance or items of value?
- Does the post involve any contact with children or other vulnerable groups of learners or employees?

The assessment is also likely to include consideration of the following factors relating to the individual's offence(s):

- The seriousness of the offence(s) and relevance to the safety of other employees, students, research subjects, the public etc.
- The length of time since the offence(s) occurred.
- Relevant information offered by the person about the circumstances that led to the offence(s) being committed, for example the influence of domestic or financial difficulties.
- The degree of remorse, or otherwise, expressed by the person and their motivation to change.
- Whether the offence was a one-off, or part of a history of offending.
- Whether the person's circumstances have changed since the offence(s) was(were) committed, making re-offending less likely.
- Whether the offence has since been decriminalised.

Following careful and thorough consideration of all these matters and consultation with a senior member of the people team and Designated Safeguarding Lead, a decision will be made as to whether the individual should be appointed. If appropriate we may seek further information from relevant bodies when reaching this decision. If the decision is not to appoint, a letter will be sent to the individual confirming the reasons for this decision.

The above process will also be followed in the event of a criminal conviction coming to light after the formal offer of employment has been made or during employment. In such cases JCL would reserve the right to withdraw the offer of appointment where appropriate or terminate employment in line with the JCL's Disciplinary Policy (or Probationary Policy if in probationary period).

7.6. Learner DBS/PVG checks

We have a duty to ensure that learners understand what a DBS check is and if it is required for their role. The employer is ultimately responsible for ensuring anyone they employ has the necessary checks in place. However, we do support employers to engage with the DBS to fully

Safeguarding Policy

understand their role and responsibility.

Work Based Learning - Each employer partner site undergoes a H&S vetting process. This requires the coach to check the mandatory legislative DBS requirements are understood by the learner and employer in the relevant sectors. The learner's curriculum is contextualised to their work setting and reinforces the importance of the DBS process.

8. REPORTING A CONCERN - SEE APPENDICES D FOR PROCESS CHARTS

- a. If a learner raises a concern/allegation with you: If the learner has a concern over their own personal welfare and wellbeing, you are to listen to and record all information given, making no judgement or assumptions. Take any actions required to secure the immediate safety of the child or adult at risk if deemed appropriate; this may involve staying with them until a responsible adult can be located. This will only be recorded on the review if learner agrees and raised with the manager if learner agrees. If the learner gives consent, you must report the issue to a Designated Safeguarding Officer. You should always consider the wishes of the individual, even those aged under 18; if you feel the learner's safety and wellbeing are at risk and they do not give consent for the matter to be escalated, you should work with the learner to encourage this.

- b. If the learner is aged under 18, at risk of harm and no consent agreed you should still escalate, (as set out in Working together to safeguarding children 2023) If a learner is at risk of harm; getting them the correct support is likely to be more important than maintaining their confidentiality. Guidance should be sourced with a Designated Safeguarding Officer if you are unsure and concerns can be reported anonymised initially until it has been established there is need to share information. Those learners aged 18 and over the concerns should still be recorded even if no action taken. They will then decide the appropriate course of action, and if a referral for early help intervention or to local authority. (D1)

If a JCL Volunteer, Development Coach /Tutor/EPA has concerns over a learner: This may be through observation or alleged by others via discussion, all staff are to follow procedure set out as point (a) above if a learner raises an issue/allegation with the DC (D1)

If a learner/parent has a concern/allegation about a member of JCL staff: All learners are to be informed that if they have a concern over the conduct of a JCL employee or volunteer, they are to contact a JCL Designated Safeguarding Lead. If the learner informs their coach or another JCL employee or volunteer, they are to report it to the Designated safeguarding lead. Contact details are available in this policy (see section 4 above). See section 9 for more detail on how concerns over employees are managed including low level concerns (D2). The LADO may also be informed where relevant.

- c. This safeguarding policy is also available on JCL's external website. (D2)

Safeguarding Policy

- d. If a parent contacts, you to report a concern about their child: Ensure you listen and record the details in the same way as a learner reporting a concern to you (see (a) above). Ensure you have contact details for the parent. You must report the issue to the Designated Safeguarding Officer. They will then decide the appropriate course of action, and if a referral outside the organisation is appropriate, liaise with the parent as appropriate. Be mindful of confidentiality as all learners aged 16 and above, and of employed status, are deemed to be adults, and therefore no information should be passed to parents or carers without prior consent to do so from the learner. (D1/2)
- e. If you observe a safeguarding issue taking place within the working practices of an employer's setting or during JCL delivery sessions: Take action to stop the activity immediately and inform the individual of your concerns. Ask them to remove themselves from the area and advise them you will inform their senior manager. In those cases where learners are not on a work-based learning programme inform the safeguarding team. Take any actions to secure the safety of the individual, child or adult at risk; this may involve staying with them until a responsible adult can be located. Inform your Designated Safeguarding Officer in all cases. Be mindful of differences between poor practice and a safeguarding issue and action appropriately. (D3)
- f. If a learner reports unsafe practices or safeguarding issues to you within their working/learning environment: Advise the learner to follow in-house reporting or whistle blowing procedures. If it is related to a JCL learner activity session, follow JCL's safeguarding reporting procedures. You may support the learner in speaking to the appropriate senior team members if appropriate. Report the incident to your Designated Safeguarding Officer who will offer additional guidance and signposting for the learner and will monitor. (D3)

It is important you do not pass any information to other parties or try to investigate the concern yourself. All concerns should be reported to supportme@jclss.co.uk in the first instance using the Disclosure reporting form (appendix G)

- If you require an immediate response, call a Designated Safeguarding Officer immediately; it is noted that the designated officer may not be available out of normal working hours, so in circumstances where the individual is in immediate danger report the incident to the police on 999.
- The Designated Safeguarding Officer will endeavour to make initial contact regarding the concern within 24 hours (not including weekends). Outside of working hours the learner welfare helpline operates 24 hours a day 7 days per week and can be contacted at any time for support and is signposted through the supportme@jclss.co.uk email address.
- The Designated Safeguarding Officer will assess if the individual is at risk of significant harm and decide upon the next course of action; this can range from offering signposting to support agencies, to referral to the police and local safeguarding authorities. This may also involve passing information to the LADO, DBS.
- Also be mindful of any subcontract arrangements in place for the learner. In some instances, safeguarding officers at other companies might need to be informed. Ensure

Safeguarding Policy

you pass to the safeguarding officer the name of the subcontractor. For employer providers we partner with, their safeguarding officer must be informed, and they take the lead in dealing with the concern. We will support where required.

- If you feel a Designated Safeguarding Officer has not complied with their duty of care to a reported learner concern, please contact the Designated Safeguarding Lead identified in this policy (section 4 above). If you feel the Designated Safeguarding Lead has not complied with their duty of care to a reported learner concern, please contact the Managing Director or Director of Education. You may also escalate the concern yourself to the relevant external agency (*See Appendices D and E for process of reporting*)

9. MANAGING ALLEGATIONS AGAINST EMPLOYEES

The Department for Education guidance sets out procedures for managing safeguarding allegations or concerns against teaching staff, other staff, volunteers and contractors. In this guidance training providers are now expected to respond to two levels of concern about staff behaviour:

- (1) Behaviour that meets a perceived 'harms' threshold and
- (2) Behaviour judged as a 'low level' concern' that does not meet the 'harms' threshold.

It is JCL's intention to create a culture in which all concerns about adults (including allegations that do not meet the harms threshold) are shared responsibly and with the right person, recorded and dealt with appropriately. We aim to create and embed a culture of openness, trust and transparency in which our expected behaviours, which are set out in the staff Code of Conduct, are constantly lived, monitored and reinforced by all employees.

Alongside our Code of Conduct and Safeguarding policy which detail expected behaviours, JCL will also:

- Ensure that employees are clear about what is appropriate behaviour through awareness and training.
- Create an environment where employees feel confident in sharing low-level concerns, and are comfortable to self-refer, where, for example, they have found themselves in a situation which could be misinterpreted, might appear compromising to others, and/or on reflection they believe they have behaved in such a way that they consider falls below the expected professional standards.
- Address unprofessional behaviour and supporting the individual to correct it.
- Ensure a responsive and proportionate handling of such concerns.
- Through case analysis identify any business improvements required.

Alongside the processes below employees are also able to report concerns through JCL's Whistleblowing process, following the whistleblowing procedure detailed in the Whistleblowing policy.

9a ALLEGATIONS THAT MAY MEET THE HARMS THRESHOLD

Safeguarding Policy

JCL will consider that behaviour meets the harms threshold if employees – including employees on temporary contracts, volunteers, or freelance contractors - have:

- Behaved in a way that has harmed a learner or may have harmed them.
- Possibly committed a criminal offence against a learner.
- Behaved in a way that may pose a risk of harm to a learner.
- Behaved in a way that indicates they may not be suitable to collaborate with learners.

Safeguarding allegations or concerns arising from the above should be reported to the Designated Safeguarding Lead (DSL). Where there are concerns/allegations about the Safeguarding Lead this should be referred to the People team.

If the allegation/concern identifies that a learner has been harmed, is at immediate risk of harm or is an emergency, the DSL (or People team as appropriate) will immediately contact social care services and where appropriate, the police. They will also ensure that:

- The learners affected are safe.
- Inform and support the person subject to the allegation as soon as possible.
- Conduct basic enquiries to establish the facts to help them determine whether there is any foundation to the allegation. They will collect as much evidence as possible by speaking directly to the person who raised the concern (unless raised anonymously), to the individual involved and any witnesses. The information collected will be reviewed against the employee code of conduct to determine what further action may need to be taken, including liaising with a senior member of the people team should the disciplinary policy need to be followed.
- If appropriate, liaise with the Local authority Designated Officer to consider the allegation and agree a course of action.
- If appropriate, conduct an internal investigation carried out aligning with misconduct policy.
- Work with the People team to implement any internal disciplinary procedures where required.
- Work with the People team to support the subject of the allegation.
- All relevant information is shared with police/social care if appropriate.
- Any parent/ guardian/ employer is informed and updated where required.

All concerns should be recorded in the Case Management system by the DSL (or deputy).

9b. LOW LEVEL CONCERNS THAT DO NOT MEET THE HARM THRESHOLD

A low-level concern is any concern about employees – including employees on temporary contracts, volunteers or contractors - who may have acted in a way that is inconsistent with the staff code of conduct (including inappropriate conduct outside of work) but does not meet the harms allegations threshold. Examples of such behaviour could include but are not limited to offering personal favours to learners, being overly friendly, using inappropriate language or sharing personal information.

Safeguarding Policy

JCL will seek to identify and deal with inappropriate behaviour early to mitigate the risk of abuse. Low-level concerns should be reported to the DSL (or a deputy). Where a low-level concern is raised about the DSL, it should be reported to a senior member of the people team. The DSL (or People team as appropriate) will collect as much evidence as possible by speaking directly to the person who raised the concern (unless raised anonymously), to the individual involved and any witnesses. The information collected will be reviewed against the employee code of conduct to determine what further action may need to be taken, including liaising with a senior member of the people team should the disciplinary policy need to be followed. All concerns should be recorded in Case Management system by the DSL (or deputy). Records will be reviewed periodically so that potential patterns of concerning behaviour can be identified. Where a pattern of such behaviour is identified (including where low-level concern move to meeting the harms threshold) JCL will decide on a course of action.

10. TRAINING AND EDUCATING EMPLOYEES

Each member of the safeguarding team holds at least a formal L2 designated officer safeguarding qualification and undertakes regular CPD events and standardisation meetings to keep updated with legislation and refresh their knowledge.

All employees undertake a Safeguarding Induction and/or completion of a L2 online course specifically for Safeguarding Vulnerable Young People and Adults.

All development coaches also complete:

- Safeguarding updates information in real time.
- Annual CPD Child protection & Safeguarding in a Learning Environment
- KCSIE

The training received is continually reviewed to ensure the most appropriate and up to date training is given. Aligning with the mandatory duty surrounding the Counter Terrorism and Security Act 2015, all staff undertake Prevent training aligning with their role within JCL.

There is annual CPD training for formal procedures and emerging themes. Periodic updates surrounding key safeguarding concepts are communicated monthly via internal communication channels. Monthly focus topics are also distributed via these channels to raise awareness and promote discussion in all areas under the wider safeguarding agenda including areas such as radicalisation, mental health issues, positive relationships, and staying safe on the internet, which will educate employees alongside giving greater knowledge to be passed onto learners.

There is reference to safeguarding in team meetings –, with managers using the information in the monthly safeguarding and equality newsletters (Compass & Code) as well as a health and safety section, to stem discussions.

Safeguarding Policy

Key individuals involved in staff recruitment complete an in-house safer recruitment training course annually, which informs Hiring Right First time training all line manager receive, referred to in Safer recruitment.

11. EXPECTED BEHAVIOURS & KEEPING YOURSELF SAFE

This section extends the expected behaviours set out in the code of conduct and should be considered alongside the JCL universal expected behaviours. To maintain safety for all, the following are strictly prohibited:

- Befriending learners on personal social media sites
- Distributing personal telephone numbers
- Visiting learners at home or transporting learners to and from locations (this includes travelling in a car with a learner driving)
- Directing sarcasm, insults or belittling comments towards learners
- Personal relationships with learners
- Locations of one-to-one meetings with colleagues. These should take place at a neutral location.
- You will naturally build a rapport with learners through apprenticeship contact, and the learners may see you as a confidante and supportive but be sure to maintain professional boundaries whenever carrying out work on JCL's behalf.
- Be respectful of all young and vulnerable people and appreciate you are in a position of trust.
- We have the opportunity to listen to their concerns and support them.
- Uphold confidentiality within certain remits when required by the situation but be careful not to promise to keep secrets or ask others to do so.
- Avoid spending time alone with learners in a closed environment. If this is unavoidable for example during a formal assessment/examination, ensure a member of the site staff is aware where you are and monitors this.
- Be careful when giving learner advice – as this is based on your opinion, focus support on information (facts), and guidance (signposting).
- Be mindful of any learners you acquire that by default creates a conflict of interest, i.e. a partner or friend becomes a learner. Discuss appropriateness/alternative trainer arrangements with your line manager.
- If a learner offers you gifts of any sort as a result of the support through their programme, refer to the bribery policy for the process to follow.
- If at any point you feel unsafe in a learner's company, inform the site manager, your line manager, the Designated Safeguarding Officer and leave the premises.

12. KEEPING LEARNERS SAFE

JCL offer an apprenticeship recruitment service which places potential apprenticeship learners

Safeguarding Policy

into employment. It is recognised that this creates a duty of care for JCL to ensure that employers are suitable to receive an apprentice.

To this end:

- A service level agreement is undertaken prior to an apprentice commencing employment to clarify expectations in relation to basic health and safety, and other employment requirements for the learner.
- There is an employer welcome guide that is available to employers to help them understand
- JCL and their own responsibilities under safeguarding, health and safety and Prevent agendas.
- Health and safety vetting is carried out during learner induction for new sites. This involves a discussion between the development coach, employer and learner, and allows for the trainer to be confident in the employer's ability to keep the learner safe during their employment, and also to help educate the learner in looking after their own welfare, and that of others, while at work. It supports health and safety, and other essential legislative requirements such as a need for some learners to have a DBS check. H&S is also covered during enrolment directly with the learner and is part of the Life Skills mandatory learning plan.
- Learners are made aware of all of JCL's relevant policies, who the designated persons are and how to report a concern during their induction to the programme. There is also a dedicated support site on the learner information portal/learning community to signpost information, advice, and guidance for a wide range of support needs, and a direct email address to allow the learners to access support from the designated safeguarding officer confidentially. There is an essential information guide containing the same information is made available during the enrolment process.
- Learners are issued with a Learner Support & Welfare Guide detailing both internal and external support services, accessible through the e-learning platform'. This contains contact details for police, JCL's head office and direct link to the safeguarding team.
- Learners complete a mandatory Life Skills Learning plan which covers a range of welfare and wellbeing issues and allows for review and further discussion with coaches where appropriate. Monthly topics in relation to equality and diversity and safeguarding are highlighted by an externally written newsletter Bits and Bytes which all learners are sent via email and available within their e-portfolio. The content aligns with the employee monthly newsletter and aids learner awareness and support discussion
- JCL request contact details for Next of Kin for all under 18 learners, alongside relevant employer contact details

Additional social needs identification and process is support that is provided by JCL for all learners who are facing Social, Emotional, Behavioural and Mental Health difficulties. This

Safeguarding Policy

process supports Increasing the ability to learn & making learning more accessible whilst dealing with personal issues, helps with motivation to reach their potential, provides extra support avenue giving them quality time as and when needed.

Learners can self-declare at sign up stage that they require support or a coach can refer them at any point during the programme.

Care leaver support and bursary access - learners highlight if they are residing in care or a recent care leaver. This is alerted to the delivery team, who work with the learner to check bursary eligibility, provide support and facilitate access to and guidance for use of the bursary funding.

Online Safety is being aware of the nature of the possible threats that you could encounter whilst engaging in activity through the Internet. These are based around the 4 areas of e - safety - conduct, content, contact and commerce These could include security threats, protecting and managing your personal data, online reputation management, and avoiding harmful or illegal content. These might manifest as online abuse, bullying, threats, impersonation, grooming, harassment or exposure to offensive and/or violent content. We educate learners around online dangers of this nature through a variety of avenues including our Life Skills learning module and remote taught sessions in relation to conduct and content of the session including appropriate behaviours. This is inclusive of supporting learners understanding of using both JCL and their own devices Periodically our Safeguarding emails and newsletters cover online safety topics. These are used by development coaches as educational content for learners.

Child on Child abuse/ Sexual Harassment and Violence between children.

As a result of Ofsted's review into sexual abuse in schools in 2021, a range of interventions have been applied to educate and support learner around identification and accessing support around sexual harassment and abuse. JCL take a zero-tolerance approach to sexual harassment and abuse, and while we have noted that concerns are alerted to us through the safeguarding reporting process, including those by perpetrators under investigation, acknowledge that this may underrepresent issues that our learners encounter. Coaches are provided with training on indicators and support avenues as part of the safeguarding support process. Annual CPD is provided to refresh knowledge This training includes identification action required for incidents of this nature alongside what learner might view as accepted norms, and what constitutes sexual harassment and abuse both face-to-face and online. This includes sexual harassment and violence in the workplace. Any concerns of this nature (including those alerted to us by a perpetrator under investigation) should be reported to the safeguarding team at supportme@jclss.co.uk, so a designed safeguarding officer can support any internal workplace and external reporting procedures and/ or required education. Where required the DSO can work with partnership teams to ensure importance is highlighted with us, and suitable

Safeguarding Policy

investigations are in place by an employer.

Children supported by a social worker.

It is recognised that young people who do have or have had the support of a social worker may be more vulnerable than other young people. This support need is identified through learner disclosure or contact directly from the social worker; it may also be highlighted on an EHCP. The DSL have oversight of such learners and support is provided by ALN/ ASN teams as direct liaison with social worker where required.

Physical Health

Physical health describes condition of our body and encompasses illness, injury, and health conditions, acute or chronic. Where a learner discloses any physical health support needs, they will be supported appropriately to both access, progress with and complete their programme. This may involve supporting learners' employers with adjustment awareness.

Mental Health

The increased importance of supporting poor mental health has been seen through the increased prevalence of mental health concerns raised by learners both as a sole issue and also as an associated issue as a result of experiencing another safeguarding issue. All learners have access to the supportme@jcls.co.uk, added to all staff email footers, Our DSL can provide signposting bespoke support where required. They are encouraged to seek support from their employers, where appropriate, who in the main, have robust support networks in place.

Learner risk assessment

To ensure JCL supports the health and safety of all learners, in certain situations JCL may risk assess support requirements for learners, e.g. if a medical condition has been declared, has been subject to sexual harassment/violence or is on bail.

13. LEADERSHIP AND MANAGEMENT

A Safeguarding board report is presented as part of the board pack and gives opportunity to update the Senior team providing a greater focus on safeguarding and safety of learners, and discuss trends, new initiatives and directives in more detail., and agree company actions.

The effectiveness and impact of all welfare support is monitored via a survey to those learners experiencing a safeguarding issue alongside a more generalised survey to all learners analysing support avenues and impact of educational material. Monthly learner welfare audit reviews all processes and material.

Safeguarding Policy

The safeguarding team are also subject to quality assurance checks carried out by the DSL.

APPENDIX B

STATEMENT ON THE SECURE STORAGE, HANDLING, USE, RETENTION AND DISPOSAL OF DISCLOSURES AND DISCLOSURE INFORMATION

GENERAL PRINCIPLES

As an organisation using the Disclosure and Barring Service (DBS) to help assess the suitability of applicants for positions of trust, JCL complies fully with the DBS Code of Practice regarding the correct handling, use, storage, retention and disposal of disclosures and disclosure information. It also complies fully with its obligations under the Data Protection Act and other relevant legislation pertaining with the safe handling, use, storage, retention and disposal of DBS disclosure information.

STORAGE AND ACCESS

Disclosure information is never kept on an applicant's personnel file and is always kept separately and securely, with access strictly controlled and limited to those who are entitled to see it as part of their duties.

Handling

In accordance with section 124 of the Police Act 1997, disclosure information is only passed to those who are authorised to receive it in the course of their duties. The People Team will be responsible for maintaining a record of all those to whom disclosures or disclosure information has been revealed. It is recognised that it is a criminal offence to pass this information to anyone who is not entitled to receive it.

Usage

Disclosure information is only used for the specific purpose for which it was requested and for which the applicant's full consent has been given.

Retention

Once a recruitment (or other relevant) decision has been made, JCL may retain disclosure information to cross check 3 yearly DBS refresher disclosures. Throughout this time, the usual conditions regarding safe storage with strictly controlled access.

Disposal

Once the employee leaves JCL, JCL will ensure that any disclosure information is immediately destroyed by secure means, i.e. by shredding or confidential waste disposal. While awaiting destruction, disclosure information will not be kept in any insecure receptacle (e.g. waste bin or confidential waste sack). JCL will not keep any photocopy or other image of the disclosure or any copy or representation of the contents of a disclosure. However, JCL will keep a record of the date of issue of a disclosure, the name of the subject, the type of disclosure requested, the position for which the disclosure was requested, the unique reference number of the disclosure and the details of the recruitment decision taken.

Safeguarding Policy

APPENDIX C

DBS DISCLOSURE PROCESS

JCL uses Ucheck who is a registered body responsible for authorising and processing applications for DBS checks.

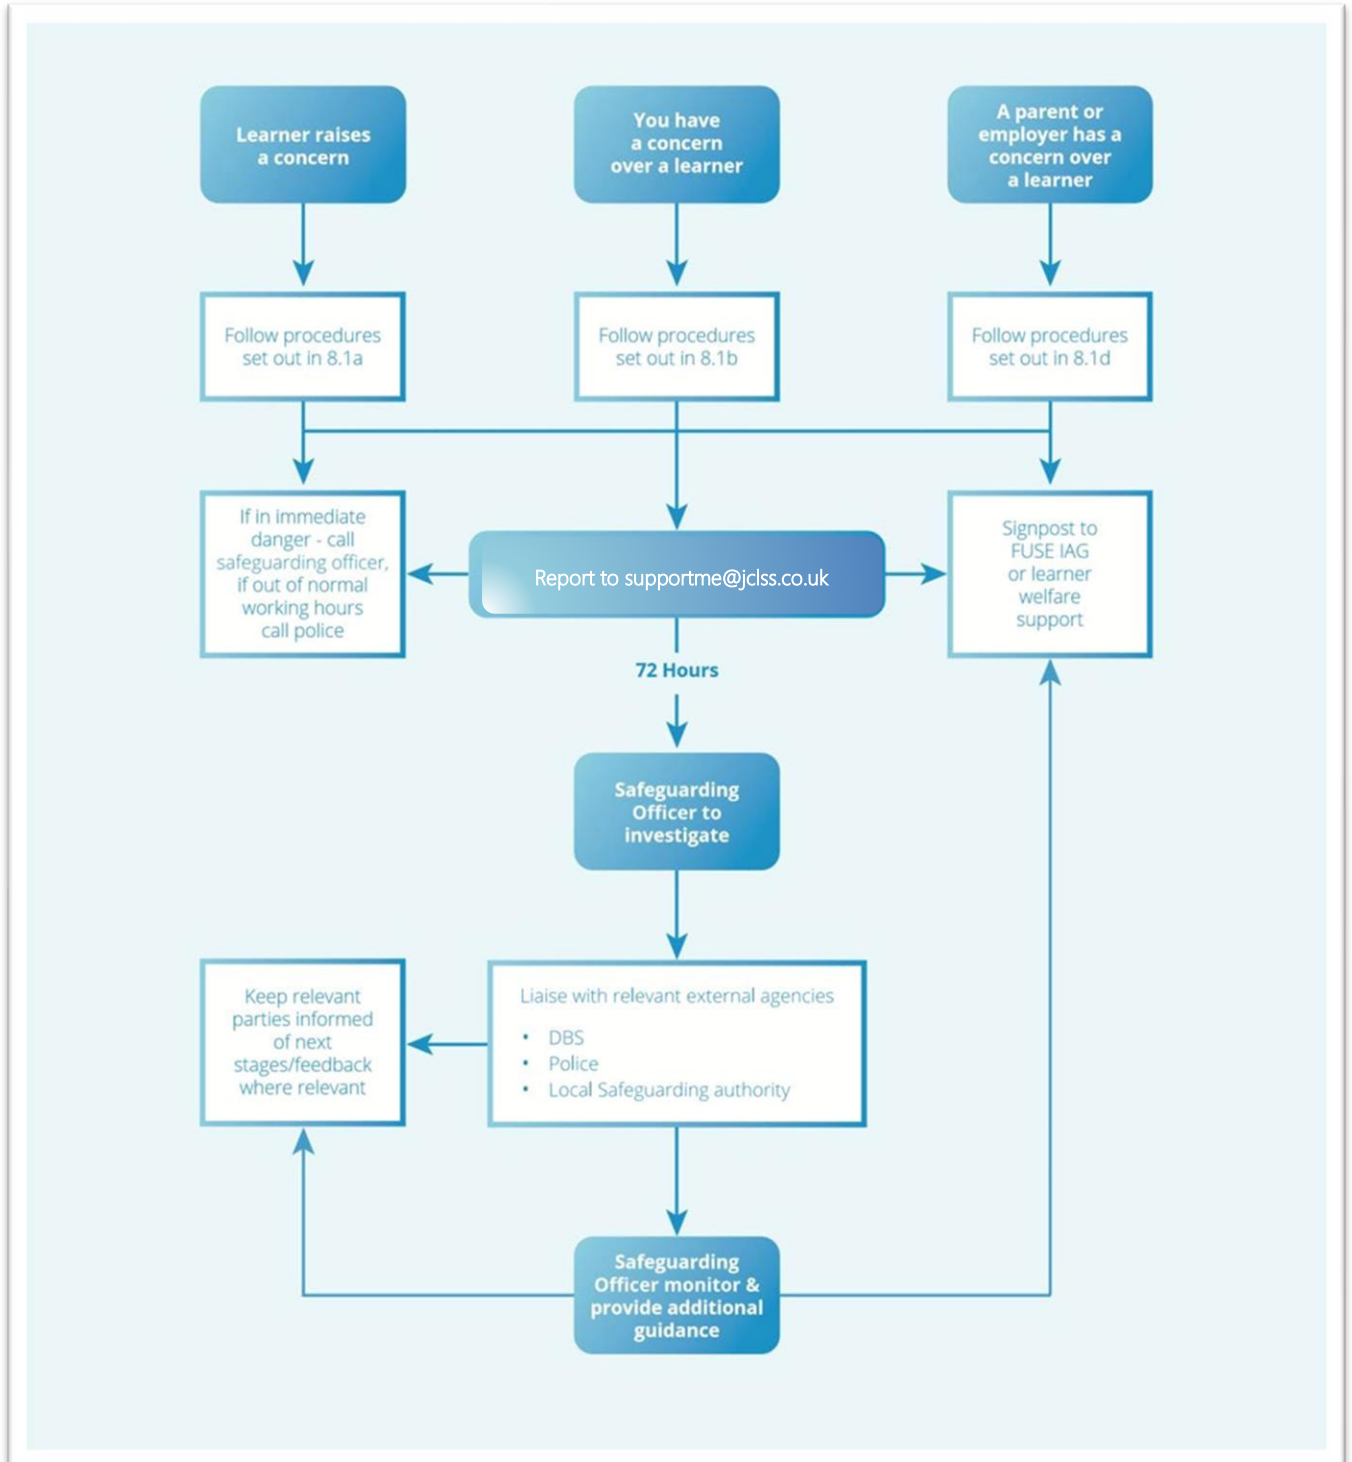

Potential candidates are also told prior to and during interview stage they will be subject to a DBS check and asked to declare anything at interview stage that they feel is relevant in this area.

Wherever possible the DBS disclosure should be obtained prior to the individual commencing employment, but sometimes this may not be possible. In such cases the individual can commence employment but only on a supervised basis for those aspects of the job involving contact with children or adults at risk until such time as a satisfactory disclosure report is received.

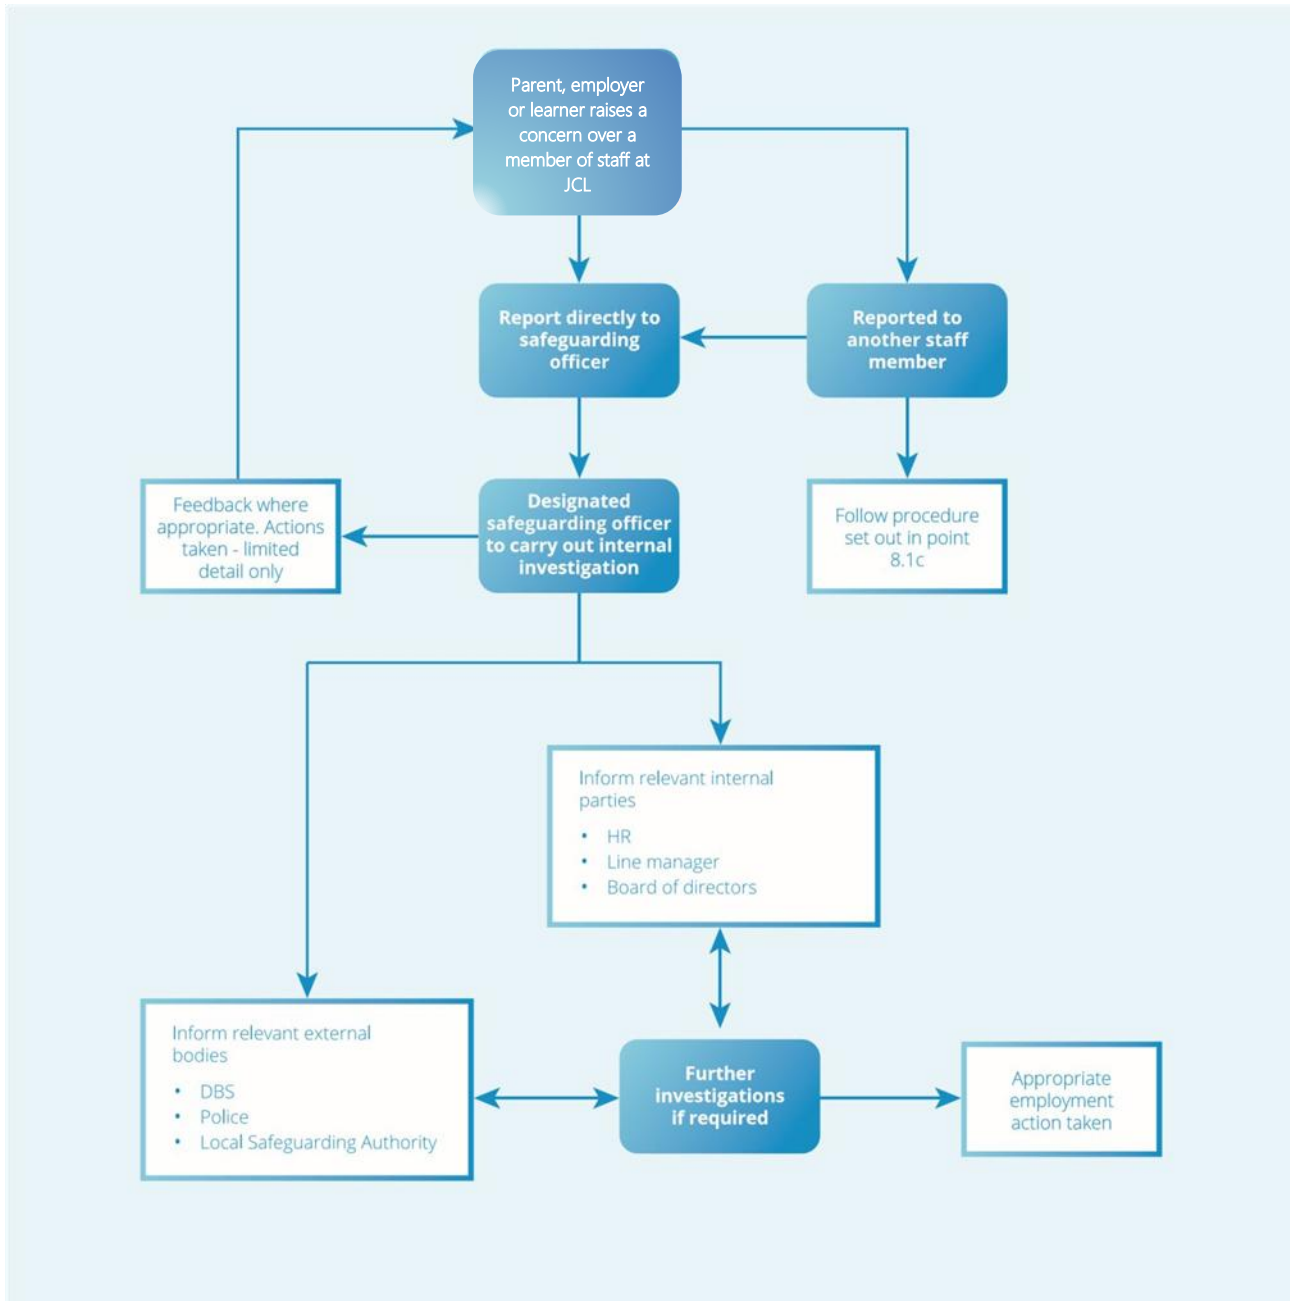

In some cases, an applicant may already have received a satisfactory disclosure report for their current or a previous position at JCL. It may be appropriate to use the existing report to assess suitability for the post, taking account of the date the report was produced and similarities between the two positions. A member of the People Team should be consulted in such cases.

Disclosure reports for applicants with a substantial record of overseas residence, including current UK residents and British nationals, may not include information on convictions from outside the UK. In most circumstances however, a disclosure report should still be sought. The DBS can also offer guidance on the availability of criminal record checks in a variety of foreign countries, and the applicant can be requested to obtain the equivalent checks from the country in question, where available.

D3. SAFEGUARDING CONCERN WITNESSED OR REPORTED RELATING TO ACTIVITY IN LEARNING SETTING

Safeguarding Policy

APPENDIX E DETAILED PROCEDURE FOR DEALING WITH SAFEGUARDING CONCERNS

Recognition

Signs of abuse can be difficult to spot, as can a learner trying to find the right language to tell you about a concern. If you have any concerns over the welfare of the learner from what you have seen, heard, discussed with the learner or you have noticed changes in their behaviour which cause you safeguarding concerns, you must report it to the designated person. You do not personally have to believe the concerns in order to raise them, any concerns raised should be taken seriously. See appendix F for indicators of abuse to help.

Response

No report or concerns about possible abuse should be ignored. Your main role here is to listen and record with no judgements or leading questions; use open question to gather factual details – when did it take place, who said what, what happened? You must stay calm and not let the learner know if you feel panicked or shocked. Do not make any promises about what will happen next, but only that you will pass it onto the designated person within JCL, and that we will do everything we can to help. It is good practice to show support and reassurance but be mindful to maintain a situation where you do not put yourself at risk. It would also be useful to have information regarding current agency support – i.e. have the police already been informed, is the person receiving local authority or medical support?

Record

Ensure you record notes of the incident or disclosure as close to the time as possible. The notes should be dated and signed where possible. The notes should detail what you saw/heard or what was discussed with an individual, the names of those involved and the time, location and what action you took. Use the disclosure form where possible, but any form of notes will be acceptable.

Report

Report the concerns to the designated person, ensuring you have recorded all details as above. This communication can be face to face, via email, or phone call followed up by email. All communication and documents will remain confidential between the designated person and individual that has reported it, unless the designated person deems it appropriate to take further action and involve other agencies.

Referral

The designated person will then take the decision of what course of action should be taken. Only the designated person should be taking the decision to make referrals outside of the organisation.

SAFEGUARDING ISSUE	DEFINITION	INDICATORS
<p>SEXUAL HARASSMENT AND VIOLENCE (INCLUDING CHILD ON CHILD ABUSE)</p>	<p>Sexual violence and sexual harassment can occur between two children of any age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children. Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, likely, adversely affect their educational attainment. Sexual violence and sexual harassment exist on a continuum and may overlap; they can occur online and offline (both physical and verbal) and are never acceptable. It is important that all victims are taken seriously and offered appropriate support.</p> <p>Sexual assault is intentional touching of a sexual nature, where the other party does not consent. When referring to sexual harassment we mean 'unwanted conduct of a sexual nature' that can occur online and offline. When we reference sexual harassment, we do so in the context of child on child sexual harassment. Sexual harassment is likely to: violate a child's dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment.
